Dear Steven,

What do you tell people when your dreams have come true? It is difficult to express my gratitude in a meaningful way to you & Terry.

When I walked into Augusta National for the first time on the Wednesday before the tournament it took my breath away and I needed to pinch myself to determine I was really there after so many years of watching it on the television.

You & Terry made our trip one to remember. Yes it was a bucket list event for me but your organization and consideration was first class and made the trip that much more enjoyable. So thank you.

People have asked me what the highlight was. Obviously with an Aussie winning for the first time since 1934 (when the tournament was first played) was fantastic but my highlight was simply being away with 7 mates without any obligations and looking forward to our next golfing experience (either playing or watching).

The transport organized and the variety of courses we played was outstanding and for those of us who are golfing nuts it was like being in heaven for a week.

I will certainly recommend the trip to those I care about and will hopefully get to return someday soon.

Thanks once again.

Best regards,
