Elite Sporting Tours – Testimonial

I am a keen golfer. I am a sports lover. I had a visit to The Masters at Augusta on my “bucket list”, and finally got myself organized to attend the 2013 Masters.

I could not have envisaged how wonderful an experience my trip would be. I need to separate the pure emotion and joy of the course itself from the unforgettable experience that was completely engineered by Steven Ivak and Terry Lucas at Elite Sporting Tours.

Communications prior to departure, organization of the itinerary and payment for the trip was all handled in a professional manner. The amazing Pinehurst experience organized by Elite Sporting Tours for the weekend prior to The Masters Tournament was a terrific prelude to a wonderful week in Augusta itself.

The seven nights I then enjoyed in Augusta with three close friends was unbelievable. The manner in which Steven and Terry made us all feel welcome, attended to and fully informed about how best to maximize our experience was outstanding. The BBQ’s on the Wednesday evening and the Saturday evening, the quality of our accommodation, the fully stocked fridge that ensured we could toast each day at Augusta National GC with a cleansing ale after 12 – 14 hours on course; all made the experience very special indeed. I must add, the fact the guys could organize Dale Lynch, coach of Kevin Na, Geoff Ogilvy and Aaron Baddeley, as guest speaker at the Saturday BBQ was an added highlight to a golf tragic like myself.

I cannot recommend this experience highly enough. Augusta in Masters week is amazing. Elite Sporting Tours, Steven Ivak and Terry Lucas, took this amazing backdrop and created an environment and an experience that will live in my memory until the day I die. For Steven and Terry to go that “extra yard” and ensure I was there the day Adam Scott became the first Aussie to secure the famed “Green Jacket”; well, that was just the icing on the cake!

I will forever be indebted to Steven and Terry for organising such a wonderful trip.

Yours Sincerely,
